

Declaration of conformity to the REACH regulation (EG 1907/2006), SVHC candidate list from 06.2022

Declaration of conformity with the RoHS directive (2011/65 / EU, Annex IV 2014/16 / EU and Annex II 2015/863 / EU)

As a manufacturer of metallic products, we are a downstream user (producer of products) according to the REACH regulation.

According to information from our suppliers, the materials we use do not contain any substances from the SVHC candidate list (ECHA 224 substances) or the maximum permissible limit values are observed. It has been agreed with our suppliers that only REACH and RoHS-compliant products are delivered to us. If conformity is not adhered to, our suppliers are obliged to inform us immediately.

As soon as we determine that our products are subject to notification according to Art. 33, we will inform you without being asked.

We confirm that our standard products comply with the RoHS directive and are produced in accordance with their applicable requirements.

Please understand that due to the very large number of inquiries we cannot fill out special questionnaires. However, we hope that this declaration contains the information you have requested and thank you for your trust and good cooperation.
